Effective Date: July 2026

Scope: All Locations (Hyderabad, Bangalore, Pune, Chennai, Mumbai)

Owner: Human Resources Department

Target Audience: All Regular Employees, Interns & Managers

RAG Context Indexing Tag: [DOC_TYPE: POLICY_FRAMEWORK] [ORG: SERIES_TECH_LIMITED] [DOMAIN: HR_LEARNING_CAREER]

Note: This document contains exhaustive, structured enterprise guidelines for learning, evaluations, growth tracks, and FAQs designed for contextual knowledge retrieval.

1. Executive Purpose & Scope

Purpose: This document describes the complete learning and career development framework at Series Tech Limited, covering training, internal certifications, the learning portal, mentorship, performance review, promotion criteria, skill matrix, career growth, leadership programs, recognition, and awards. It is written so that any employee of Series Tech Limited can understand how to grow their career fully without needing another document.

Scope: This document applies to all employees of Series Tech Limited across all operating locations including **Hyderabad, Bangalore, Pune, Chennai, and Mumbai**, regardless of department, track, or job level.

2. Introduction & Strategy

Series Tech Limited believes that investing in employee learning and career development directly supports both individual growth and the company's ability to deliver high-quality technology solutions. Series Tech Limited provides structured training, mentorship, and career progression pathways for every employee.

3. Learning & Certification Programs

3.1 Training Programs

Series Tech Limited requires every employee to complete mandatory training modules during onboarding, including company policies, cybersecurity awareness, and role-specific technical training.

Beyond mandatory training, employees are encouraged to pursue elective training courses available on the learning portal, covering technical

3.2 Internal Certifications

Series Tech Limited offers internal certification programs in specialized technical and domain areas:

- Cloud Engineering
- Artificial Intelligence
- Cybersecurity
- Agile Project Management

skills, leadership skills, and domain knowledge relevant to their department.

Employees who complete an internal certification receive a digital badge recognized within Series Tech Limited and a certificate that can be added to their professional profile. Internal certifications are considered favorably during the promotion process.

4. Infrastructure & Mentorship Framework

4.1 Learning Portal

The Series Tech Limited learning portal is the central platform for all training content, including onboarding modules, elective courses, internal certification programs, and recorded sessions from internal technical talks. Employees can track their learning progress and completed courses through their learning portal dashboard.

4.2 Mentorship Program

Series Tech Limited operates a structured mentorship program in which employees can request a mentor from a more senior level, typically outside their direct reporting line, to support their career development.

- **Duration:** Mentorship relationships typically run for **six months**, with the option to renew.
- **Cadence:** Mentors and mentees are expected to meet at least **once a month**.
- **Matching:** Submitted through the learning portal and matched by Human Resources based on availability and expertise area.

5. Performance Evaluation & Promotion Criteria

Key Review Cycle: Performance reviews occur **twice a year** and directly align with promotion cycles and variable pay outcomes.

Performance Review: Series Tech Limited conducts a formal performance review twice a year, aligned with the promotion cycle described in the Series Tech Limited Employee Handbook. Performance reviews assess an employee's achievement against agreed goals, demonstration of core values, and skill development over the review period. Performance ratings from the review directly inform promotion eligibility and variable pay outcomes.

Promotion Criteria: Promotion at Series Tech Limited is based on a four-pillar framework:

Pillar	Requirement Description
1. Performance Ratings	Consistent strong performance ratings over multiple consecutive review cycles.
2. Skill Matrix Readiness	Demonstrated capability and proficiency in next-level competencies defined in the Skill Matrix.
3. Manager Nomination	Proactive endorsement and official nomination by the employee's direct manager.
4. Business Need	Active organizational or team demand for the next-level role.

6. Skill Matrix & Dual-Track Career Growth

Skill Matrix: Every role at Series Tech Limited has an associated skill matrix defining the technical and behavioral competencies expected at each level, from entry level through senior leadership. Employees can view the skill matrix for

their current role and the next-level role on the learning portal, helping them identify specific skill gaps to close before pursuing promotion.

Dual Career Growth Pathways

Series Tech Limited supports multiple career growth pathways to accommodate individual career aspirations:

Technical Track
Designed for employees who wish to deepen their domain and technical expertise.
Progression Example:
Software Engineer → Senior Engineer → Technical Architect

Management Track
Designed for employees who wish to lead teams, strategy, and business execution.
Progression Example:
Team Lead → Manager → Senior Manager

7. Leadership Development, Recognition & Awards

Leadership Programs: Series Tech Limited runs a leadership development program for employees identified as high-potential future leaders, combining structured training, cross-functional project exposure, and executive mentorship. Nominations for the leadership development program are made annually by department heads based on performance and leadership potential.

Recognition Programs

- **Peer-Nomination Program:** Any employee can nominate a colleague for outstanding contributions.
- **Spot Recognition:** Manager-driven recognition for exceptional work on specific tasks or projects.

Annual Awards Ceremony

Held annually to celebrate outstanding contributions across four primary categories:

- Innovation
- Customer Impact
- Team Collaboration
- Rising Star

8. Governance, Roles & Responsibilities

Stakeholder	Core Responsibilities
Human Resources	Maintain learning portal, coordinate mentorship matching, administer bi-annual performance review cycles, and organize annual awards ceremony.
Department Heads	Nominate candidates for Leadership Programs, shortlist annual award nominees, approve department certifications, and participate in review calibration.
Managers	Provide timely constructive written feedback, support skill development via Skill Matrix, nominate deserving employees for promotion/certifications.
Employees	Complete mandatory training on time (within 30 days of joining), drive elective learning, participate honestly in self-assessments, discuss career goals proactively.

9. Key Policies, Workflows & Procedures

Mandatory Compliance Policy: All new hires must complete mandatory onboarding and cybersecurity training within their first thirty (30) days. Missing deadlines results in manager notification and potential system access restrictions.

Approval Workflows

- **Mentorship Requests:** Submitted via Learning Portal → Matched by HR based on expertise/availability.
- **Leadership Program Nominations:** Department Head Nomination → HR & Senior Leadership Review.
- **Award Nominations:** Department Head Shortlist → Cross-Departmental Award Committee Selection.
- **Performance Review Procedure:** Online Employee Self-Assessment & Manager Evaluation → Departmental Calibration Discussion.

10. Practical Employee Scenarios & Best Practices

Real-World Employee Scenarios

Scenario 1 (Skill Gaps): An employee wants to understand what skills they need to reach the next level. *Action:* Review the Skill Matrix for current and next-level roles on the Learning Portal.

Scenario 2 (Promotion Readiness): An employee has received strong performance ratings for three consecutive review cycles. *Action:* Discuss promotion readiness proactively with their manager ahead of the next cycle.

Scenario 3 (Track Switch): An employee wants to switch from Technical Track to Management Track. *Action:* Engage manager and HR to review required behavioral skills and map a transition plan.

Common Pitfalls to Avoid:

1. Waiting until the formal promotion cycle to raise career goals (discuss them proactively year-round).
2. Neglecting elective learning courses on the Learning Portal.
3. Assuming a single strong performance review guarantees promotion (consistent multi-cycle performance and business need are required).

11. Glossary & Key Definitions

Skill Matrix: A structured definition of the technical and behavioral competencies expected at each level for a given role at Series Tech Limited.

Mentorship Program: A structured program pairing employees with senior mentors, typically outside their direct reporting line, to support career development.

Leadership Development Program: A program for high-potential employees combining training, cross-functional exposure, and executive mentorship.

12. Frequently Asked Questions (FAQ Knowledge Base)

Q1: How often does Series Tech Limited conduct performance reviews?

Twice a year, aligned with the promotion cycle described in the Employee Handbook.

Q2: What informs promotion eligibility?

Consistent strong performance ratings over multiple review cycles, skill matrix readiness, manager nomination, and business need.

Q3: What is the skill matrix?

A defined set of technical and behavioral competencies expected at each level for a given role.

Q4: How do I request a mentor?

Through the learning portal, where Human Resources matches you based on availability and expertise.

Q5: How long does a mentorship relationship typically run?

Six months, with the option to renew. Mentees and mentors meet at least once a month.

Q6: What internal certifications does Series Tech Limited offer?

Cloud engineering, artificial intelligence, cybersecurity, and Agile project management.

Q7: Do internal certifications help with promotion?

Yes, they are considered favorably during the promotion process.

Q8: What is the leadership development program?

A program combining training, project exposure, and executive mentorship for high-potential future leaders.

Q9: Who nominates employees for the leadership development program?

Department heads, based on performance and leadership potential.

Q10: How can I recognize a colleague's contribution?

Through the peer-nomination recognition program available to any employee.

Q11: What is spot recognition?

Manager-driven recognition for exceptional work on a specific task or project.

Q12: What award categories exist at the annual awards ceremony?

Innovation, Customer Impact, Team Collaboration, and Rising Star.

Q13: Who selects the final award winners?

A cross-departmental award committee, after department head shortlisting.

Q14: What career growth pathways does Series Tech Limited offer?

A technical track (e.g., Software Engineer → Senior Engineer → Technical Architect) and a management track (e.g., Team Lead → Manager → Senior Manager).

Q15: How do I know which career track suits me?

Discuss your aspirations with your manager and Human Resources.

Q16: What training is mandatory during onboarding?

Company policies, cybersecurity awareness, and role-specific technical training.

Q17: When must mandatory training be completed?

Within the first thirty (30) days of joining.

Q18: Where can I track my learning progress?

On your learning portal dashboard.

Q19: Can interns access the learning portal?

Yes, interns have access to relevant onboarding and elective courses on the learning portal.

Q20: Can contractors pursue internal certifications?

Internal certifications are generally intended for full-time employees, though exceptions may be made based on project need.

Q21: What happens during a performance review?

The employee completes a self-assessment, the manager provides feedback, and a calibration discussion occurs with the department head.

Q22: Is written feedback required during performance reviews?

Yes, managers must provide written feedback as part of every review.

Q23: What if I disagree with my performance rating?

Discuss the concern with your manager, and if unresolved, escalate to Human Resources.

Q24: How often are skill matrices updated?

Periodically, to reflect evolving technical and behavioral expectations for each role.

Q25: What happens if I miss mandatory training deadlines?

Your manager will be notified, and access to certain systems or responsibilities may be restricted until training is completed.

Q26: Can I request a mentor outside my department?

Yes, mentors are often matched from outside your direct reporting line and can be from a different department.

Q27: How are leadership program participants selected?

Through department head nomination followed by Human Resources and senior leadership review.

Q28: What is required to move from the technical track to the management track?

Discussion with your manager and Human Resources to assess readiness and identify a suitable transition plan.

Q29: Does performance rating affect variable pay?

Yes, performance ratings directly inform variable pay outcomes.

Q30: How often is the annual awards ceremony held?

Once a year, recognizing outstanding employees across multiple categories.
